

HP ProLiant ML10 Server

1P tower with the right performance and features at exceptional value

Competitively priced

- Server-class performance, cost-effective, HP Integrated Lights-Out 3 (iLO 3) remote management
- Enhanced performance, iLO 3 remote management

Expandable

- Excellent flexibility, fast-turn SKU availability, easy installation

Built-in reliability

- Data protection in a durable chassis

Product overview

Improve overall performance

Are you looking for server-class performance and reliability at a low acquisition cost?

HP ProLiant ML10 Server is a single-socket 4U tower server. It delivers great value in a large form factor—for your business to run a small-scaled network environment. With an ideal number of slots and storage options, it is the perfect server for budget-conscious businesses looking to better manage their data with little resources. The ML10 Server can reduce operational costs and improve productivity while providing a higher level of data protection.

Key features and benefits

Get a competitive price

- Server-class performance and features: Perfect for those looking to better manage their data to improve overall efficiency and productivity
- Cost-effective: Ideal for the budget-conscious businesses looking to purchase their first HP server
- HP iLO 3 remote management: Allows network administrators to easily check and update servers from outside the office, eliminating travel expenses

Meet increasing compute requirements

- Excellent flexibility: Provides space for two large form factor (LFF) hard disk drives, seven USB ports, and four I/O slots
- Fast-turn SKU availability: Enables large-volume opportunities
- Easy installation and removal: Allows easy installation and removal, while enabling expansion with minimal effort

Achieve more-efficient computing with built-in reliability

- Data protection: Comes standard with error correcting code (ECC) memory that protects business from data loss and unplanned system downtime
- RAID capabilities: HP Smart Array Controller options with redundant array of inexpensive disks (RAID) mirroring and striping capabilities to protect critical storage data
- Robust chassis: Furnishes a durable 4U chassis, allowing for better air flow to reduce component failure
- Expertise: Access to the expertise and guidance provided by the HP global network of channel partners

Technical specifications

ENERGY STAR®	Yes
Product name	HP ML10 G2130 1P 2 GB CN Server
SKU part number	730651-AA1
Model differentiator	(1) ML10 G2130 processor
Drive description	(2) LFF Serial ATA (SATA)
Optical drive type	Half-height SATA DVD-ROM JackBlack
Processor cache	(3) GB L3
Processor number	(1) Intel® Pentium® G2130
Processor core available	2
Network Controller	HP NC112i 1-port Ethernet Server Adapter
USB Port	(7) USB 2.0 support (2 front, 1 internal, and 4 rear)
Memory slots	(4) DIMM slots
Memory max	32 GB
Memory standard	2 GB (1x2 GB) UDIMM
Memory type	1Rx8 PC3-12800E-11
Storage controllers	HP Smart Array B110i SATA RAID
Expansion slots	(4) PCIe slots For detailed descriptions, refer to the QuickSpecs
Management	HP iLO 3 Standard, HP Insight Control (optional)
Power supply type	(1) 300 Watts 80+ BRONZE nonhot plug, nonredundant power supply
Warranty (parts/labor/onsite)	1/1/1
What's in the box	(1) ML10 (1) Intel Pentium G2130 processor, (1) 2 GB memory (2) LFF SATA hard drives (1) HP NC112T PCIe Gigabit Server Adapter (1) Integrated B110i SATA RAID storage controller (1) 300 W power supply

Customize your IT lifecycle management, from acquisition of new IT, management of existing assets, and removal of unneeded equipment. hp.com/go/hpfinancialservices
